---

We extend warm thanks to the City of North Vancouver and the District of North Vancouver for their funding support, as well as our generous service club, business and individual donors.

The North Shore Neighbourhood House is a not-for-profit registered charity serving the North Shore community since 1939.

We believe working together to meet the grassroots needs of our neighbours, especially our most vulnerable residents, is essential to building a safe, healthy and strong community.

The House values and promotes cooperation, respect and empowerment through the provision of programs and services designed to meet the needs of individuals and the community as a whole.

For more information on our programs and services for all ages, visit [www.nsnh.bc.ca](http://www.nsnh.bc.ca)

## Youth Outreach Services

## Support & Activities for Youth

building strong families

## Vision Statement for Youth

The youth outreach team wants to create and foster positive change in youth. We do this by strengthening families, advocating for the rights of youth, promoting growth and change through identifying need and building on strengths and opportunities.

We are guided by respect and trust, with the goals to enhance self-esteem and self-confidence in youth. We provide the support and information youth need at this strategic time in their development.

We work collaboratively with youth, not as authorities. We acknowledge that we need community partners and collaboration is one of our core values. We are committed to excellence and continue to train and build the skills necessary to succeed in our work.
