The Corporation of **THE CITY OF NORTH VANCOUVER**
PLANNING & DEVELOPMENT DEPARTMENT

REPORT

To: Mayor Linda Buchanan and Members of Council

From: Heather Evans, Community Planner, Long Range and Community Planning

Subject: 2023 ROUND ONE COMMUNITY GRANT RECOMMENDATIONS

Date: May 24, 2023 File No: 5-1850-20-0005/2023

The following is a suggested recommendation only. Refer to Council Minutes for adopted resolution.

RECOMMENDATION

PURSUANT to the report of the Manager, Long Range and Community Planning, dated May 24, 2023, and entitled “2023 Round One Community Grant Recommendations”:

THAT the Round One 2023 Community Grants be awarded to the list of organizations as proposed in the report, in the total amount of \$137,200, with funds allocated from the 2023 Community Grants budget;

THAT the funded and non-funded grants be listed in the Minutes, in full;

AND THAT the members of the Social Planning Advisory Committee be thanked for their time and participation with the grant selection process.

ATTACHMENTS

1. North Shore Municipal Community Grant Applications Guidelines (CityDocs [1732931](#))
2. 2023 Round One Community Grants – List of Applicant Requests and Committee Recommendations (CityDocs #[2364557](#))

PURPOSE

This report provides Council with the Social Planning Advisory Committee’s (SPAC) recommendations for the 2023 Round One Community Grants.

BACKGROUND

Community Grants are among several grant funding opportunities that the City of North Vancouver offers to non-profit organizations and groups to assist with the delivery of services that work to reduce social, economic or physical disadvantage, and/or which improves the quality of life for City residents.

Community grants provide an opportunity for non-profit agencies to gain municipal financial support for projects, programs or general operations that address the objectives of the City's Social Plan and Official Community Plan. The City's annual budget for Community Grants is the sum of two components:

- The City's annual operating budget: \$100,000; and,
- The annual interest accrued from the Lower Lonsdale Legacy Reserve Fund ("LLRF"). In the last five years, the interest in this fund has fluctuated from approximately \$46,000 to \$86,000.

DISCUSSION

Total Amount of Community Grants

In 2023 the operating budget funding of \$100,000 is combined with interest in the amount of \$87,896 from the LLRF, for a total Community Grants budget of \$187,896. This amount is distributed through two rounds of application intakes:

- Round 1 (application deadline January 2023) – \$137,200 to be distributed;
- Round 2 (application deadline September 2023) – \$50,696 will be available for distribution.

This report addresses the first round of grants for 2023.

Application Review Process

SPAC reviews applications in accordance with criteria set out in the Community Grant Guidelines (Attachment 1) and in relation to the City of North Vancouver's Social Plan.

To be eligible for funding, an organization must be not-for-profit, be providing services to residents of the City of North Vancouver, seeking additional other sources of funding, and provide proof of financial responsibility (financial statements).

Eligible not-for-profits are required to offer services in the City of North Vancouver and must provide a service that directly benefits local residents. The number of residents benefiting from the services must be measured and reported by the receiving agency.

Grant applications that meet basic criteria are reviewed by SPAC and prioritized according to the "Procedural Guidelines for the Review of Grant Applications by Sub-Committees" as follows:

- 'A' or top priority
 - evidence of need for the service or project
 - evidence of clear goals and expected outcomes
 - evidence of financial need for a Community Grant
 - relevance to Social Plan

- 'B' or medium priority
 - quality of management
 - uniqueness of service
 - involvement with community partners
 - addressing barriers to services for people with disabilities and for ethno-cultural residents.

- 'C' or lower priority
 - number of local residents served
 - number of local volunteers and their role
 - amount of funding requested from each municipality related to the numbers of residents served.

Most applicants included information in their applications about the impact the pandemic had, and continues to have, on their organization. Many commented on how the demand for their services is increasing (e.g. for mental health and counselling services) and that their waitlists are growing. It was also noted that meeting demand is becoming more difficult as fundraising dollars are diminishing (likely related to inflation) and because fewer grants are available (especially those related to COVID relief). SPAC considered this information in the review process.

Grant Recommendations

In the first round of grants, 77 grant applications were received and reviewed, requesting a total amount of \$463,575 (see Table 1). Of those, 67 were repeat applications for new or existing programs and operating grants, and 10 were applications from first-time applicants. A list of grant applications with requested and recommended allocations is included as Attachment 2. Of the 77 applications received in Round One, 65 are recommended to receive funding. The Committee’s recommendation is to allocate \$137,200 and hold back \$50,696 for distribution in Round Two (autumn 2023).

Table 1 below lists the applications that SPAC recommends for funding.

Table 1 – Applications Recommended for Funding

Athletics for Kids Financial Assistance (B.C.) - Program - Sport4Life Grant Program	\$1,000
Avalon Recovery Society (Avalon Women's Centre North Shore) - Operating	\$10,500
Avalon Recovery Society (Avalon Women's Centre North Shore) – Program – Counselling Program	\$2,000
Avalon Recovery Society (Avalon Women's Centre North Shore) – Program – Operating Hours Expansion	\$2,500
Backpack Buddies – Operating	\$3,000

Vancouver Adaptive Snow Sports – Operating	\$1,500
Vancouver Adaptive Snow Sports – Program – Adaptive Learn to Ski	\$1,500
Variety - The Children's Charity of British Columbia - Program - FY 23 Private Assessments North Shore	\$2,500
Volunteer Cancer Drivers Society – Operating	\$1,500
TOTAL	\$137,200

Eleven applications are recommended to be denied funding (Table 2). Given the limited budget for community grants, the committee decided not to recommend funding to these applications for the following reasons:

- For organizations that submitted multiple applications, SPAC may not be recommending that all applications be funded.
- Some organizations/programs were proposing to serve a lower amount of City residents than others, or the outcomes are unclear and uncertain.
- The impact from larger (e.g. national) organizations with broader funding support would not offer as much of a direct impact in our community than local groups.
- Some applications did not have a strong social focus.
- Some of the proposed programs from applicants would not meet a need that was deemed to be as critical as other applications to support the core needs of City residents.

One application was withdrawn because the applicant secured alternate funding.

Table 2 – Applications Proposed to Not Receive Funding

Athletics for Kids Financial Assistance (B.C.) – Operating
Best Buddies of Canada – Program – Friendship Program
BizKids Practical Education Association - Program – Equipping Educators for the Future of Education
Canadian Liver Foundation, BC/Yukon Region – Program – 2023 LIVERight Health Forum
Har El, the North Shore Centre for Jewish Life – Operating
Hyad Society – Program (This application was withdrawn.)

North Vancouver City Firefighters Local 296 Charitable Foundation - Program - Charitable Bocce Tournament
Odihi – Program – Agape Initiative
RNB Dance and Theatre Arts – Operating
RNB Dance and Theatre Arts – Program – Peak Performance Half Day Program
Third Bridge Foundation – Program – Tek Talk Parties

FINANCIAL IMPLICATIONS

The 2023 annual budget for community grants is calculated and provided in the same manner as previous years.

STRATEGIC PLAN, OCP OR POLICY IMPLICATIONS

The allocation of grant funding is in keeping with the guiding principles of the Official Community Plan, specifically:

Community Supporting Community:

The City will continue to be a compassionate community recognizing that all individuals and/or their families will require support at some point in their lives. The City will assist organizations and individuals that provide community support through the responsible allocation of its resources.

The community grants program supports Council's Strategic Plan priority to be "A City for People that is welcoming, inclusive, safe, accessible, and supports the health and wellbeing of all". All community grant applications are also reviewed relative to the goals and objectives of the City's existing Social Plan (1998) and the Community Grant Guidelines.

The City is undertaking the development of a *Community Wellbeing Strategy*, replacing the City's Social Plan. As a part of this work, staff will be undertaking a Supportive Funding Review project this year to align all forms of supportive funding (community grants, core funding, permissive tax exemptions, and multiple other grants) to an outcomes-based approach and to better achieve the City's current priorities and objectives as directed by Council's Strategic Plan, the Corporate Business Plan, and the approved and upcoming *Community Wellbeing, Climate and Environment, Economic, and Mobility Strategies*. The intent is to create a comprehensive and coordinated supportive funding program for the City. A report to Council is forthcoming to provide information on this project.

RESPECTFULLY SUBMITTED:

Heather Evans
Community Planner

Submission Deadline: January 31st each year**

**** Please note: The City of North Vancouver has an additional intake of applications with a deadline of September 15th.**

PLEASE NOTE: These guidelines are for the City of North Vancouver and the District of North Vancouver. The District of West Vancouver now has a separate Community Grants Program, which can be found at: <https://westvancouver.ca/be-involved/grants-awards/community-grants>.

Guidelines

Using these Guidelines

These guidelines are to be used to correctly and effectively complete the North Vancouver Municipal Grant Application Forms.

Read this document before completing the forms to ensure your application is completed correctly.

North Vancouver Municipal Community Grants - Overview

Purpose of the North Vancouver Municipal Community Grants

North Vancouver Municipal Community Grants are intended to support not-for-profit organizations serving North Vancouver (both City and District) residents. The City and District of North Vancouver provide these grants in order to:

- To provide local government endorsement to better attract funding from more senior levels of government, donors, and foundations;
- To assist groups with the delivery of services which work to reduce *social, economic or physical* disadvantage; and/or which *improve the quality of life* for residents;
- To serve vulnerable and hard to reach populations in areas where the municipalities do not provide services;
- To effect positive social change;
- To provide seed money to enable quick responses to changing and / or unmet community needs.

Who Can Apply?

Eligible Organizations

The organization applying for a grant must be:

- a) A not-for-profit with a BC Society No. and/or Charitable Registration No.
- b) Providing services to residents of the municipality(ies) from which funding is requested.
- c) Seeking sources of funding other than North Vancouver Municipal Community Grants.
- d) Able to provide proof of financial responsibility (latest financial statement).

Eligible Expenses

- a) Special projects and events: e.g. hosting a workshop or producing resource material.
- b) Operating costs: e.g. ongoing operating costs such as rent, utilities, fixed costs.
- c) New projects: e.g. a new program to serve a particular group. A program typically has distinct resources committed to the operation of that specific program such as staff costs and other expenses related to that program.
- d) Capital costs: e.g. the purchase of office equipment. NOTE: Only the City of North Vancouver, the District of North Vancouver does not fund capital costs.

Program Grants: Applying for More than One

You may apply for more than one program grant, but must complete a SEPARATE Program Grant Application Form for EACH additional grant.

Funding Characteristics of the North Vancouver Municipal Community Grants

Each municipality is working with a set grant budget during each funding cycle and strives to be equitable in funding both new and established needs. Funding is not guaranteed: each cycle, the applications are considered and grants are allocated in response to current needs and resources.

Funding Limits

The District of North Vancouver has no limit to the amount of money an organization may request. The maximum grant available from the City of North Vancouver is \$15,000.

Funding Term

The term of a North Vancouver Municipal Community Grant is one year.

Funding Cycles

In the District of North Vancouver, two year operating and program grants are provided. An Annual Accountability Form must be completed by agencies currently on the District's 2-year funding cycle.

Grants are allocated bi-annually in the City of North Vancouver. An annual Accountability Form must be completed.

Notification of Application Decisions

Allocations by municipal Councils are made in June/July. Organizations are notified at this time by letter.

Disbursement of Funds

Cheques are typically issued by each municipality's finance department in June or July.

Acknowledgement of North Vancouver Municipal Community Grants

All recipients of North Vancouver Municipal Community Grants are required to publicly acknowledge such donations on their print and digital promotional materials, website, and social media relating to the program and/or service funded by the grant.

Applying for North Vancouver Municipal Community Grants

Two Municipalities.... One Set of Application Forms

Each Municipality Allocates Grants Separately

The North Vancouver Municipal Community Grant Application forms are to be used when applying for funds from the North Vancouver Municipalities: the City of North Vancouver and the District of North Vancouver. **PLEASE NOTE:** the District of West Vancouver has a separate Community Grants Program, which can be found at: <https://westvancouver.ca/be-involved/grants-awards/community-grants>.

Each municipality allocates grants separately.

Applying to One or More Municipality(ies)

Organizations may apply to one or more of the North Shore municipalities depending on which municipality(ies) the organization serves. You must submit a copy of your completed application package to each municipality to which you are applying for funding.

Application Submission

Application Deadline

The deadline for applications is 5:00 p.m. January 31 of each year, or, where January 31 lands on a weekend, the last Friday of January.

The City of North Vancouver has an additional intake of applications with a deadline of September 15. **PLEASE NOTE:** If your organization applied for a grant in the first round of the year, you may apply to the second round but for a **different** program only.

Submitting Forms to Each Municipality

City of North Vancouver

Submit two copies of your completed application package:

- Email: communitygrants@cnv.org
or
- Mail:
Planning Department, Attn: Edytha Barker
City of North Vancouver
141 West 14th Street
North Vancouver, V7M 1H9.

District of North Vancouver:

Send one copy of your completed application package:

- Email: csac@dnv.org
or
- Mail:
Community Services Advisory Committee
District of North Vancouver
355 West Queens Road
North Vancouver, V7N 4N5

Evaluation Criteria

In evaluating each application for funding, the following will be the basis for assessment of your application. Please address these in your application:

- a) Evidence of need for the service or project.
- b) Number of local residents served.
- c) Quality of management (established track record, proposal well thought out and clear, etc.).
- d) Evidence of clear goals and expected outcomes.
- e) Uniqueness of service (does not duplicate but may complement an existing service).
- f) Number of local volunteers.
- g) Evidence of financial need for a North Vancouver Municipal Community Grant.
- h) Amount of funding requested from each municipality is proportional to the numbers of residents served.
- i) Addressing barriers to services for people with disabilities, from varying social and economic backgrounds, and for ethno-cultural residents.
- j) Indicated involvement from other community partners whether financial or in kind.

Further, the social goals and objectives for each municipality will also be considered while reviewing grant applications, these can be found in the following documents:

- City of North Vancouver:
 - The City's Social Plan
<http://www.cnv.org/CityServices/PlanningandPolicies/SocialPlan>
- District of North Vancouver:
 - Section 6.3 Community Services, Programs, and Facilities of the DNV Official Community Plan identity.dnv.org/
 - Municipal Community Grant Goals and Guiding Principles found at www.dnv.org/communitygrants

Filling in the Application Forms - Overview

Please ensure the following information is read carefully prior to filling in your application forms to ensure the forms are filled out adequately, accurately, and effectively.

Acceptable Applications

Applications will only be accepted if they are:

- Completed *in full* including all attachments listed on the North Vancouver Municipal Community Grant Application Checklist.

- Completed legibly
- Submitted on time to each municipality from which funds are being requested

*****Please note:** unless all information is supplied or an acceptable explanation offered as to why this information cannot be supplied, incomplete applications will not be considered.

Three Application Forms

There are three application forms to be used as follows:

- Organization Summary Form: to be filled out by *all* applicants;
- Operating Grant Application Form: for organizations applying for financial assistance for ongoing operating costs such as rent, utilities, fixed costs;
- Program Grant Application Form: for individual projects/services/programs. You may apply for more than one program grant, but must complete a SEPARATE Program Grant Application Form for EACH additional grant.

Quality of Information

The application forms provide the opportunity to explain information on the history, mandate, experience, and objectives of your organization; and to demonstrate to Committee members what makes your organization and its programs valuable to the North Vancouver communities and how your organization responds to community need.

Maximum Words for Answer

Always stick to the stated word count and be concise with your answer.

Questions Regarding Both North Vancouver Municipalities

The grant application includes some questions where information concerning both North Vancouver municipalities is required. These questions must be completed even if an organization is applying for a grant from one municipality only.

Filling in the Organization Summary Form

The Organization Summary Form is to be filled out by *all* applicants.

The questions on the Organization Summary Form should make it clear what information is required. Keep in mind the information above in Evaluation Criteria and Quality of Information. However, some specifics and examples are provided here to assist.

Section: Accessibility

Examples of topics to consider are provided below for each item in this question:

Question: How does your organization ensure your services are accessible and inclusive to:

- a) People with disabilities
 - Is your building wheelchair accessible?
 - Are you on a bus route?
 - Are there designated parking spots for persons with disabilities adjacent to the building in which your programs/services take place?
 - How do you market/communicate your programs/services to people with disabilities?
- b) Culturally diverse communities: (maximum 50 words)
 - Do you list languages other than English that are spoken by your staff/volunteers?

- Are your program/service materials available in languages other than English? Which languages?
 - Are your website and/or social media in languages other than English? Which languages?
 - How do you market/communicate your programs/services to speakers of languages other than English?
- c) People of various social and economic backgrounds: (maximum 50 words)
- Which organizations have you approached that serve this demographic in order to promote your programs/services?
 - How do you market/communicate your programs/services to people of various social and economic backgrounds?

Section: Trends

Question: What current trends affect your organization? E.g. is the demographic changing, is the waitlist changing, etc. (maximum 50 words)

Municipalities rely on the non-profit social service organizations to identify current trends. For example, whether more of their clients are feeling isolated, more families are seeking food or on the verge of homelessness. Other trends could include growing waitlists for particular programs or a decrease in volunteer hours.

As a social service organization working closely with our more vulnerable populations, the organization's ability to adapt or create new programs and services to meet these changing needs is significant.

This question asks organizations to identify and share these trends.

Section: Sustainability

Question: Please describe what steps your organization has taken to reduce Green House Gas Emissions and increase energy efficiency (e.g. implementing Power Smart measures, carpooling to meetings, etc.).

The North Vancouver municipalities all place strong value on environmental sustainability. Explain how the organization shares this value. Please be sure to provide examples.

Filling in the Operating Grant Application Form

The Operating Grant Application Form is for organizations applying for financial assistance for ongoing operating costs such as rent, utilities, fixed costs.

The questions on the Operating Grant Application Form should make it clear what information is required. Keep in mind the information above in Evaluation Criteria and Quality of Information. However, some specifics are provided here to assist.

Section: Operating Budget

The Operating Budget refers to the costs and revenue associated with the general operation of the organization. Examples of expenses include ongoing operating costs such as rent, utilities, fixed costs.

Question: In-kind Sources

In-kind sources are sources of non-cash support in the form of goods and services.

Filling in the Program Grant Application Form

The Program Grant Application Form is for individual projects/services/programs. You may apply for more than one program grant, but must complete a SEPARATE Program Grant Application Form for EACH additional grant.

The questions on the Program Grant Application Form should make it clear what information is required. Keep in mind the information above in Evaluation Criteria and Quality of Information. However, some specifics and examples are provided here to assist.

Section: Program Proposal

Question 4. If you applied for and received funding for this program last year, what were the specific outcomes of that program? Please provide quantitative and qualitative information.

This question asks for “quantitative and qualitative information”. Qualitative information is anecdotal, quantitative is numbers, statistics.

Stories and anecdotal responses are interesting and valuable; however, the response should be backed with numbers to validate the statements made. Examples of numbers could be: count of volunteers, volunteer hours, clients served, meals provided, referrals made.

Question 5. Please identify the specific criteria you will use to evaluate your program’s results and how you will measure success.

The tools used to evaluate should provide quantitative information, be backed by numbers, whenever possible as this helps demonstrate the results. Examples of criteria you could use could be: count of volunteers, volunteer hours, clients served, meals provided, referrals made.

Question 7. If you did not receive the amount of money requested last year, what was the impact to the program?

Qualitative or anecdotal information is expected along with quantitative information, the numbers, in order to demonstrate the impact. Examples of quantitative information could be the number of clients turned away, resources that had to be cut which impacted the quality of the program.

Section: Program Budget

Question: Please indicate program start and end dates or fiscal start date as appropriate

Note that programs can have a specific start and end date or be continuous. Please indicate as appropriate.

Question: In-kind Sources

In-kind Sources are sources of non-cash support in the form of goods and services.

Final Steps to Completing the Application Package

The Checklist

Organizations must include attachments with the application forms to create their completed *application package*. Please be sure to use the Checklist provided as a cover sheet for your submission. This Checklist details the attachments and forms that must be completed to ensure your application will be considered.

Attachments

All attachments required with your application should be marked on your Checklist

All applications will be required to include:

- Organization Summary Application Form
- Most recent Year End Financial Statement (examples include balance sheet, income/expenditure)
- Most recent Annual Report (just one per organization to municipality regardless of number of applications submitted)
- Organization's Proposed Budget for your fiscal year

Depending on grant applications being made, an application may be required to include any of the following:

- Signed Operating Grant Application form
- Signed Program Grant Application form(s)
- Annual Accountability Form for grant funds spent in the previous year

Frequently Asked Questions

1. *What is the difference between a program grant and an operating grant?*

Generally, an operating grant refers to the general on-going operation of your organization (e.g. rent, utilities, fixed costs), whereas a program has distinct resources committed to the operation of that specific program (staff costs and other expenses related to that program).

Note: Programs can be continuous or have a specific start and end date.

2. *The service that my organization offers on the North Vancouver is part of a larger umbrella organization located elsewhere. Our published financial statements reflect the larger organization. Is this an issue?*

There is an expectation that the budgets and financial information that you include in your grant application reflect the North Vancouver service that is being offered by your organization. The financial information for the larger umbrella organization is informative, but does not provide Committee members the information they need to assess your application.

3. *When we apply for grants, our organization typically requests more than we require in anticipation that we may receive less. Is this advisable?*

It is best to request the actual amount that your organization requires. Applications where the funding request appears to be inflated can be viewed unfavourably.

4. Can we rely on the municipal community grant funding as the sole source of funding?

Municipal funding is considered one source of funding. Organizations should not prepare and submit budgets where the municipal request is the only source of revenue.

5. In order to save time, our organization sometimes will 'cut and paste' from previous application forms. Is this acceptable?

Although we do not expect agencies to re-write their applications from scratch every year, we do expect the information included in the application form to reflect current information, both qualitative/anecdotal and quantitative/statistical.

6. When filling out the application, I sometimes reduce the font size in order to get all of my answer to fit into the box, is this acceptable?

Always stick to the stated word count and be concise with your answer.

7. Can I just include qualitative/anecdotal information in my application form, or do you require statistics or other quantitative analysis?

The answer is both. Stories and anecdotal responses are interesting and valuable; however, your response should be backed with numbers and photos whenever possible as this helps Committee members clearly see the funding need for your program or organization.

Examples of numbers could be: count of volunteers, volunteer hours, clients served, meals provided, referrals made.

8. As some of the services that we offer are done discreetly without recording names or addresses, it is challenging to provide precise numbers of individuals accessing services or what municipality they come from.

While we respect your clients' need for anonymity, there is data that can be collected that will not infringe on confidentiality. For further information or assistance, please contact one of the municipal staff liaisons.

9. On the Operating Grant Application, the question asks for how many individuals were served in each municipality. Are percentages okay or do we need to go through postal codes and get exact numbers?

The actual numbers are required. For further information or assistance, please contact one of the municipal staff liaisons.

10. To make it easier for applicants, could the municipalities not evaluate the applications in line with the fiscal years and funding cycles of the applicant organisations?

The application timeline is based on the timing of the municipal budgets and includes the time required for the Committees to evaluate the applications and make recommendations to Council. Further, the current model allows the funds to be allocated taking into consideration all applications received which is only possible with a single review per grant period.

11. If we are making applications to each municipality, do we ask for the full amount we require from each municipality?

You should split the full amount you require and ask for a portion, usually a third, from each municipality.

12. I am not sure whether certain expenses would be considered operating costs, how do I know?

Operating costs are your ongoing costs such as rent, utilities, fixed costs. If you are unsure, please contact one of the municipal staff liaisons.

13. We receive a great deal of funding in-kind, are these considered in relation to financial funding in terms of evaluating whether the municipal grant would be a sole source of funding?

Indeed, yes: in-kind sources of funding are requested in the budget sections of the application forms to allow them to be evaluated in monetary terms along with financial sources.
