The Chair started a discussion by asking how members were doing with the grant reviews. What is working? What is not? Particularly looking for feedback from new members.

A robust discussion was had and several points were raised:
• The Matrix is very helpful for comparing grants within your review group to all the grants applied for.
• Discussing with other committee members provides valuable insight.
• Remember that the DNV has a two-year funding cycle and CNV funds year to year.

Any questions for applicants are due to staff by April 11.
