PROCLAMATION

Alzheimer’s Awareness Month – January 2024

PUBLIC INPUT PERIOD

The Public Input Period is addressed in sections 12.20 to 12.28 of “Council Procedure Bylaw, 2015, No. 8500.” The time allotted for each speaker addressing Council during the Public Input Period is 2 minutes, with the number of speakers set at 5 persons. Speakers’ comments will be audio recorded, as well as live-streamed on the City’s website, and will form part of the public record.

Speakers may only speak on the same matter once in a 3-month period.

Speakers during the Public Input Period are permitted to join the meeting in person in the Council Chamber or electronically via Webex. There are 2 ways to sign up to speak during the Public Input Period.

1) IN PERSON: Speakers who choose to participate in person must sign the speaker list located outside the Council Chamber between 5:30 and 5:55pm on the day of the Council meeting.

2) ELECTRONICALLY VIA WEBEX: Speakers who choose to participate electronically must pre-register by 12:00 noon on the day of the Council meeting by completing the online form at cnv.org/PublicInputPeriod, or by phoning 604-990-4230. These pre-registrants will receive instructions by email or phone on the afternoon before the Council meeting.

If a speaker has written material to accompany their comments, the material must be sent to the Corporate Officer at clerks@cnv.org no later than 12:00 noon on the day of the Council Meeting.

The Public Input Period provides an opportunity for comment only and places the speaker’s concern on record, without the expectation of a response from Council. Speakers must comply with the General Rules of Conduct set out in section 5.1 of “Council Procedure Bylaw, 2015, No. 8500” and may not speak with respect to items as listed in section 12.25(2).

Speakers are requested not to address matters that refer to items from a concluded Public Hearing/Public Meeting or to Public Hearings, Public Meetings and Committee meetings when those matters are scheduled on the same evening’s agenda, as an opportunity for public input is provided when the particular item comes forward for discussion.

Please address the Mayor as “Your Worship” or “Mayor, followed by their surname”. Councillors should be addressed as “Councillor, followed by their surname”.

Subject: TEMPORARY USE PERMIT – 125 EAST 2ND STREET– TEMPORARY SALES OFFICE

Date: January 10, 2024

The following is a suggested recommendation only. Refer to Council Minutes for adopted resolution.

RECOMMENDATION

PURSUANT to the report of the Planner 1, dated January 10, 2024, entitled "Temporary Use Permit – 125 East 2nd Street – Temporary Sales Office":

THAT Temporary Use Permit No. PLN2023-00031 (Staburn), to permit a temporary sales office on the property located at 125 East 2nd Street for a three-year term, be considered and referred to a Public Meeting;

AND THAT notification be circulated in accordance with the Local Government Act.

4. Temporary Use Permit No. PLN2023-00031 (CityDocs #2449219)

SUMMARY

This application from Staburn Group proposes the temporary use of a sales office within the building’s ground level commercial/retail units at 125 East 2nd Street, which fronts onto the street. The proposed sales office is intended for the sale and marketing of residential Strata units to be developed on the site.

POLICY FRAMEWORK

The subject site has a land use designation in the Official Community Plan (OCP) of Mixed Use Level 4A (MU4A), which allows for a mix of higher density residential and commercial uses, including retail and office uses.

The Temporary Use Permit (TUP) is required as the use of a general sales office is not permitted within the Retail Service Group 1A provision for units accessed from East 2nd Street, as per the property’s recent Comprehensive Development 753 (CD-753) acquired zoning designation. The OCP allows for a TUP to be issued in accordance with the policy below:

<tbody>
<tr>
<td>Policy 2.7 Temporary Use Permits</td>
</tr>
<tr>
<td>The OCP grants the ability for Temporary Use Permits (TUP) to be issued for short-term uses to site-specific locations that are otherwise not permitted under the current zoning.</td>
</tr>
<tr>
<td>The OCP designates all areas of the City to be a TUP area where TUP’s can be granted, should the temporary use be in the interest of the public in general and the public has been advised of, and allowed to comment on, through a public meeting.</td>
</tr>
<tr>
<td>Temporary Use Permits are valid for three years when approved by Council and can only be renewed by Council once for another three-year term. The permit cannot exceed the combined six-year term.</td>
</tr>
</tbody>
</table>

PLANNING ANALYSIS

The site is located on the south side of East 2nd Street between Lonsdale Avenue and St. Georges Avenue. There are currently two low-rise commercial buildings on site that eventually will be demolished to allow the development of the approved mixed use development for the site.

The proposed sales office would occupy the vacant 401.65 sq.m. (4,323.42 sq.ft.) commercial ground-level units at 125 East 2nd Street, otherwise identified as “New Presentation Centre”, as outlined within the Architectural Plans (Attachment No. 3). The sales centre would include a reception desk, display models, seating areas and a replica suite. The applicant has submitted a Building Permit to construct the described works, and staff will resume their reviews should this TUP be approved by Council.
The applicant has indicated in their application that they would like to use the ground-level unit as a sales centre as it became recently vacant. Due to the short timeline before the site is redeveloped, a new lease to a business is not considered practical. Therefore a sales centre is a suitable option to use the space until redevelopment of the site commences.

The Comprehensive Development Zone 753 (CD-753) is written for future development, which results in some practical constraints for the current buildings. Although Retail Service Group 1 uses are permitted in the zone, only Retail Service Group 1A and Childcare uses are permitted to have access off East 2nd Street. The Retail Service Group 1A definition in the Zoning Bylaw generally includes more active commercial and retail business uses that would facilitate more foot traffic and frequent drop-in services, such as retail stores, service shops, and restaurants, which is intended to provide a more activated street frontage along East 2nd Street. Less active uses, such as corporate offices and professional offices and sales centres, are not included in this definition; however, these uses are permitted if not accessed from East 2nd Street. Providing a sales centre in this location, without access from East 2nd Street, would be cost-prohibitive and require closure of the principal entrance and therefore undermine the activation of the street.

Within the period of the proposed TUP, the applicant plans to showcase the approved development for the site. Once the new development has been competed, the commercial units facing East 2nd Street will be occupied by Retail Service Group 1A uses as per the Zoning Bylaw.

Considering that an alternative location for the proposed development's sales centre would likely occupy a different commercial unit in the Lower Lonsdale area, a temporary sales centre in the vacant commercial unit on site is a positive outcome. Through the conditions of the TUP (Attachment No. 4), the sales centre would provide an active street frontage by maintaining fully transparent window glazing and locating the seating areas towards the storefront as shown on the Architectural Plans (Attachment No. 3).

CONCLUSION

Considering that the proposed temporary sales centre use is consistent with the OCP land use designation in that it is located on the site where the development is to take place, that the unit is currently vacant, and that it is being designed to provide an active frontage, staff are supportive of the TUP proposal.

Dear Mr. van der Heijden

Re: PLN2023-00031 - 125 East 2nd Street – Temporary Use Permit Application

We write to provide additional rationale for the operation of a residential sales centre for marketing residential and commercial strata units in a project to be developed on the same property.

As staff and council may recall, considerable discussion and reflection was done regarding disrupting existing businesses with the applicant (Staburn) as part of the rezoning of the property to CD which was completed earlier this year.

As relates to the specific premises which are the subject of this application, the former Tenant, Maru Korean Bistro, was ordered closed by the City in August of 2022, for failure of various inspections, and was unable to rectify the situation nor resume business, leading to termination of its lease and surrender to us as Landlord in October 2022. On Christmas night, 2022, there was a catastrophic failure of a 2” watermain in the unoccupied 2nd floor, leading to the substantial destruction of improvements on both floors. Restoration contractors completed partial demolition and hazardous material removal by June of 2023, and subsequently the balance of the interior improvements were removed back to a concrete shell. The building currently is not tenantable, as it has no heat, water distribution, and power distribution other than temporary connections for contractors. The underground parking area has been hoarded and secured by order of the Fire Department.

We intend to demolish the building as soon as we can once pre-sales are completed to make way for the new project. It has also been our experience that the ideal location for any sales centre would be within the project property.

We are anxious and ready to proceed immediately with the sales centre and, if successful, the immediate development of the project.

Yours truly,

1.6. For list of project specific reports; refer to the drawing and document list on drawing A0.0.

1.7. Drawings and documents are designed to conform to British Columbia Building Code 2018 and the bylaws of the Place of Work.

1.8. No deviations from these drawings are permitted without the prior written approval of Rositch Hemphill Architects. The Contractor shall not proceed with any proposed change until it is approved by the Owner via Rositch Hemphill Architects. On completion of the Work, return all approved permit drawings together with the marked-up site sets to Rositch Hemphill Architects. The marked-up site sets must clearly indicate and note all information to fully describe the as-built condition of the building.

1.9. Do not scale drawings. Larger scale drawings take precedence over smaller scale drawings of the same date and type.

1.10. Do not create any cut sheets or drawings for any component or specification that is not shown and referenced in the approved drawings and documents.

1.11. All Schedule drawings are to be submitted to the Project Engineer for review and approval.

1.12. Trade permits not forming part of the approved Building Permit, such as, but not limited to mechanical and electrical permits, are the responsibility of the Contractor.

1.13. All material must be new, CSA approved and of the quality and grade specified. No seconds, off grades or materials which do not meet the tolerance specifications will not be accepted for use in the finished Work.

1.14. All Work performed and completed on this project must be in strict accordance with the British Columbia Building Code 2018. The Contractor must familiarize themselves with the fire separation details, fire separation assemblies, the permitted penetrations through a fire separation and the required fire-stopping materials for fire separation assemblies. The Contractor is responsible for the installation of fire-rated firestopping materials against external horizontal fire separations, and fire-rated firestopping materials against external vertical fire separations. Firestopping materials must be installed in accordance with the manufacturer’s instructions provided in the scope of work.

1.15. All materials, equipment, supplies and workmanship shall be as required, as specified, as shown on the drawings and in the specifications, and as agreed upon and confirmed by the Contractor.

1.16. Exterior dimensions are taken to the exterior face of the exterior sheathing and/or concrete foundation walls unless indicated otherwise.

1.17. Dimensions of cast in place concrete and concrete block components are taken to the face unless indicated otherwise.

1.18. Exterior dimensions of steel shapes/components are taken to the center-line of the steel shape/component unless indicated otherwise.

1.19. All fire separations are designed as a continuous barrier to the spread of fire. The Contractor must familiarize themselves with the fire separation details, fire separation assemblies, the permitted penetrations through a fire separation and the required fire-stopping materials for fire separation assemblies.

1.20. The Contractor must familiarize themselves with the structure and installation of fire-rated door assemblies, and the required fire-stopping materials for fire-rated door assemblies.

1.21. Where required, submit Shop Drawings to Rositch Hemphill Architects in accordance with Section 6.2 of the General Conditions "Submittals".

1.22. Where fabricated building components and/or systems are required to be designed by and subsequently reviewed by a Registered Architect, these designs shall be submitted to Rositch Hemphill Architects for review and approval.

1.23. Where required, submit material and product samples in accordance with Section 6.2 of the General Conditions "Submittals".

1.24. Digital shop drawings are acceptable for final submissions except for Shop Drawings that require the certified review of Work by a Registered Architect.

1.25. All as-built and add drawings shall be submitted to the Project Engineer for review and approval.

1.26. No deviations from these drawings are permitted without the prior written approval of Rositch Hemphill Architects. The Contractor shall not proceed with any proposed change until it is approved by the Owner via Rositch Hemphill Architects. On completion of the Work, return all approved permit drawings together with the marked-up site sets to Rositch Hemphill Architects. The marked-up site sets must clearly indicate and note all information to fully describe the as-built condition of the building.

1.27. Do not create any cut sheets or drawings for any component or specification that is not shown and referenced in the approved drawings and documents.

1.28. No deviations from these drawings are permitted without the prior written approval of Rositch Hemphill Architects. The Contractor shall not proceed with any proposed change until it is approved by the Owner via Rositch Hemphill Architects. On completion of the Work, return all approved permit drawings together with the marked-up site sets to Rositch Hemphill Architects. The marked-up site sets must clearly indicate and note all information to fully describe the as-built condition of the building.

1.29. Where required, submit material and product samples in accordance with Section 6.2 of the General Conditions "Submittals".

1.30. All as-built and add drawings shall be submitted to the Project Engineer for review and approval.

1.31. No deviations from these drawings are permitted without the prior written approval of Rositch Hemphill Architects. The Contractor shall not proceed with any proposed change until it is approved by the Owner via Rositch Hemphill Architects. On completion of the Work, return all approved permit drawings together with the marked-up site sets to Rositch Hemphill Architects. The marked-up site sets must clearly indicate and note all information to fully describe the as-built condition of the building.

1.32. Do not create any cut sheets or drawings for any component or specification that is not shown and referenced in the approved drawings and documents.

1.33. Where fabricated building components and/or systems are required to be designed by and subsequently reviewed by a Registered Architect, these designs shall be submitted to Rositch Hemphill Architects for review and approval.

1.34. Where required, submit Shop Drawings to Rositch Hemphill Architects in accordance with Section 6.2 of the General Conditions "Submittals".

1.35. Where fabricated building components and/or systems are required to be designed by and subsequently reviewed by a Registered Architect, these designs shall be submitted to Rositch Hemphill Architects for review and approval.

(the “Lands”)

List of Attachments:

Schedule “A”: List of Plans

Authority to Issue:

1. This Temporary Use Permit is issued pursuant to Section 493 of the Local Government Act.

Bylaws Supplemented or Varied:

2. The provisions of the City of North Vancouver “Zoning Bylaw, 1995, No. 6700” Comprehensive Development 677 (CD-677) Zone are hereby varied as follows:

   A. This permit temporarily allows the Lands to be used for the purposes described below:

       i. To permit Staburn Group to occupy the subject ground level commercial unit at 125 East 2nd Street for the purpose of a temporary sales office (business office).
Special Terms and Conditions of Use:

3. Development upon or use of the Lands shall conform to the following specifications:

   A. This permit is subject to the following conditions, completed to the satisfaction of City staff:

      i. All windows facing onto East 2nd Street shall not include any visual obstructions and shall be maintained at all times with clear, transparent glazing.

      ii. Any proposed window advertising or decals throughout the tenure of the subject use shall be reviewed by staff for approval prior to installation.
