## COEXISTING WITH WILDLIFE

Many wildlife encounters can be prevented by responsibly managing waste and other attractants. Tips to limit wildlife interactions:

**STORE IT:** Keep curbside materials indoors or in a secure location until the morning of collection.

**FREEZE IT:** To help reduce odours, freeze food scraps until your collection day. Wrap food scraps in newspaper or paper bags to minimize odours and mess (don't use plastic, biodegradable or compostable plastic bags).

**CLEAN IT:** To help to reduce odours, rinse or wash containers after pickup with mild detergent or vinegar.

**Feeding bears, even unintentionally, is against the law.**

Learn more at [cnv.org/bearaware](http://cnv.org/bearaware).

To report a bear sighting call [604.990.BEAR \(2327\)](tel:604.990.BEAR).
