# OVER HEIGHT, OVER WIDTH & OVERWEIGHT LOADS PERMIT APPLICATION

1. Shall give adequate warning to the general public of the approach of overwidth, overlength, overheight or overweight loads.
2. Shall notify before the move:
  - Fire Hall - FireOps@cnv.org
  - R.C.M.P. Traffic Division - 604-985-1311
3. Shall ensure warning signs and flags and/or lights are placed on load extremities.
4. Shall provide pilot cars as follows:
  - Up to 12' wide and 85' long - requires one pilot car
  - Over 12' wide and over 85' long - requires two pilot cars
  - Some oversize do not require pilot cars
5. Shall carry this permit in the vehicle for which permit is issued.
6. Shall pay the fee set out under Schedule H of the Fees and Charges Bylaw No. 9000.
7. Shall provide a minimum of ten (10) business days' notice or to the Engineer's discretion prior to the commencement of the permit.
8. Restrictions: Low Level Road is prohibited unless traffic flow is controlled by pilot car(s) so that oncoming traffic can be halted until the wide load has passed.
9. Allowable vehicles without structural assessment in are listed Table 1 below.
10. If overall gross vehicle weight is greater than specified in Table 1 then a specific load rating/structural assessment for that permit vehicle will be required signed and sealed by a Professional Structural Engineer.
11. Refer to Part 9 of the City's Street and Traffic Bylaw (No. 6234 Consolidated) for more information on size, weight and loading regulations.
12. Overhead height restrictions for bridges and underpasses in Table 2 below.
