LAWN SPRINKLING PERMIT CONDITIONS

Nematode Application for European Chafer Beetles

When treating your lawn with nematodes as a biological control for European Chafer beetles, the following permit conditions apply:

1. Lawn sprinkling is only permitted between the hours of 4am - 9am, any day of the week.
2. Permit expires two weeks from the date of issue and is revocable at any time, without prior notice, entirely at the discretion of the General Manager, Infrastructure, Transportation and Parks. The two week period must occur prior to August 15th.
3. Permit must be prominently displayed at the premises.
4. THERE IS NO PERMIT FEE FOR NEMATODE APPLICATION.

New Lawns

When installing a new lawn, the following permit conditions apply:

1. Permits may be applied for and will ONLY be issued for new lawns planted prior to Stage 2 Restrictions. Lawn Watering Permits are not required outside of a Restriction Stage.
2. Lawn sprinkling is only permitted between the hours of 4am - 9am.
3. Permit does not authorize unlimited sprinkling. Common sense must apply. Sprinkler must not be left unattended.
4. Excessive Watering is considered to be watering that leaves the intended surface or exceeds (2.5 cm) of water per week as this is adequate for freshly laid sod.
5. Permit expires three weeks from the date of issue and is revocable at any time, without prior notice, entirely at the discretion of the General Manager, Infrastructure, Transportation and Parks. Three weeks of appropriate watering should be sufficient to establish your healthy new lawn.
6. Permit must be prominently displayed at the premises.
7. Fee: As per "Fees and charges Bylaw, 2024, No. 9000".
8. The General Manager, Infrastructure, Transportation and Parks may revoke a permit for Excessive Watering or deviation from allowed watering times.

Fees
