

Completion Report

for Part 10 Energy Efficiency Requirements in the BC Building Code

Last updated February 18, 2021

Instructions: *Applicable to Building Permits applied for on or after **July 1, 2021**.
The Completion Report must be completed by the Coordinating Registered Professional
or Registered Professional of Record, and must be submitted to the City within 6 months
of substantial completion of the project.*

Project Details

Building Permit #: _____

Building Address: _____

Energy Regulation Pursued (*please check*):

☐ ASHRAE 90.1-2010

☐ NECB-2011

☐ Energy Step Code

The undersigned has reviewed the above-mentioned project to verify that the project has been substantially completed according to the intended design of the project, which was designed to meet the requirements of the above-mentioned Energy Regulation, as detailed in the City of North Vancouver Construction Regulation Bylaw.

Our reviews have now been completed in a satisfactory manner. Therefore, we give our assurance that the above-noted project should, based on our best knowledge and practices, meet the minimum requirements of the indicated Energy Regulation pursued, as intended for this project.
