

Mosquito Bridge Construction Project – Truck Detour Map

The Marine Drive Mosquito Creek Bridge is being rebuilt in 2020. During the first five months of construction, traffic will be limited to one lane Eastbound and one lane Westbound. Heavy traffic is expected. Please consider using an alternate route as shown above. Access to all local properties and businesses will be maintained.

-  Trucks over 20,000 kg GVM are not permitted to use the Mosquito Creek Bridge during construction. Use detour route or Hwy 1.
-  Detour route for trucks
-  Alternate routes for all vehicles
